PROJECTS

Emersion – Supply Chain Operations Improvement, St. Louis, MO

January 2025 – May 2025

MBA Consulting Project

- Diagnosed and resolved a critical lead time prediction problem: built ML models (XGBoost, Decision Trees) reducing forecast error from 36 days to 4.6 days – 87% improvement – directly enabling 95% on-time delivery for a multi-site supply chain
- Designed scalable Python pipeline to automate quoting and demand forecasting, eliminating manual handoffs and reducing process cycle time by an estimated 9% buffer savings
- Applied root cause analysis and process mapping across the supply chain workflow to identify and eliminate systemic inefficiencies – consistent with Lean continuous improvement principles

The Mavo Group, Miami, FL

January 2025 – May 2025

MBA Marketing Project

Market Research & Outreach | Researched and identified talent for video production projects | Reached out to UGC creators across Florida to build a pipeline of collaborators and expand project reach

PROFESSIONAL EXPERIENCES

Haven Recovery Homes LLC, St Louis, MO, USA

June 2025 – August 2025

Summer MBA Intern – Marketing & Operations

- Took full ownership of digital and community outreach operations from day one; launched campaigns within 3 weeks that increased monthly referral inquiries by **18%** and created 6 new referral pathways with local hospitals and shelters
- Built and owned an intake and referral performance dashboard consolidating data across 3 sources (website, social, partner), cutting report turnaround from 5 days to 1 day – an **80%** reduction – enabling faster operational decisions
- Produced SEO-optimized content and HIPAA-compliant communication templates, boosting organic website traffic by **30%** while maintaining 100% compliance with privacy and operational standards

Rewriter Educational Services Pvt Ltd | Bangalore, India

2020 - 2024

Associate Program Manager (Strategy & Operations)

November 2022 - January 2024

- Led a **cross-functional team of 6** to redesign the content production workflow, eliminating bottlenecks and improving **on-time delivery rates by 25%**
- Owned operational strategy for a digital learning platform; **scaled active user base 45% (2,200 to 3200+)** by implementing data-driven program adjustments and tightening delivery standards
- Built **5+ SOPs** and **20+ self-paced training modules** aligned to standardized operating procedures, reducing new employee onboarding time by 30% and ensuring consistent performance across the team
- Designed a **5-stage recruitment & training program** for 50+ interns, improving team productivity by 40% through structured onboarding, role clarity, and performance tracking frameworks
- Achieved 95% on-time project completion rate across 12 key milestones by establishing accountability systems, tracking progress against KPIs, and aligning stakeholders to delivery commitments

Associate (Growth & Strategy)

September 2020 - October 2022

- Designed and executed a market expansion strategy that scaled educational programs from 2 to 10+ cities, impacting 4000+ learners – required coordinating operations across multiple geographies simultaneously
- Created **15+ training videos & 30+ documentation resources**, increasing team knowledge retention by 40% and establishing consistent delivery at scale without supervision

- Reduced content production errors by 25% and achieved 100% curriculum alignment across 10+ programs by implementing quality control checkpoints and standardized review processes
- Conducted competitive analysis of 10+ education models, delivering data-driven recommendations to leadership that directly informed program strategy and investment decisions
